Monongalia County Planning Commission  
  
Project Manager: Richard Wood,  
Director of Planning

Are you concerned about how  
Monongalia County grows?  
**We need your help!**

The Monongalia County Planning Commission has initiated the Monongalia County Comprehensive Plan for the four established Planning Districts in the central and eastern parts of the county.

The purpose of the study is to prepare an action plan to address Monongalia County's existing and future planning needs. These needs may include land use, transportation, water & sewer, environmental protection, or many other categories.

**The second public informational meeting will be held on Wednesday, November 14, 2012 at the Monongalia County Courthouse from 6 pm until 8 pm.**

Please come and share your desires for how our community grows! We look forward to providing an overview of the study recommendations and get your feedback.

The information that the Planning Commission gathers through this meeting will be critical to confirming the direction of the comprehensive plan.
